The Moguls, after suffering a double defeat from the Tadpoles Friday, pulled themselves together Saturday and won with great ease.

McArthur pitched in great style, allowing the visitors only five hits and would have secured a shutout but for Plummer's dropping of a fly in the ninth. Ukey, who was taken out in the third, was hit hard, while Neely, who replaced him, performed in great style. The score was 9 to 1.

At Cairo Sunday the game was very close and only one score was made and that by Cairo. The Moguls will play there until Wednesday and come home July 3rd for another series with Clarksville. There will be two games on the 4th.

**Tuberculosis Tent.**

Paducah, Ky., June 30.—The directors of the city hospital decided to isolate the tuberculosis patients by placing them in a tent, which will be located on the hospital grounds, and the patients will be under the care of the nurses of the hospital.

**Bob Taylor Lives.**

In the two bright and beautiful books just issued, "Lectures and Best Literary Productions," and "Life and Career" of Senator Robert Love Taylor, handsomely illustrated, you cannot hear again his voice or see the humorous curl of his lips, that convulsed a continent with laughter, but, within the covers of these volumes, are the pictures woven of his wondrous words, and, laughing through their sunny pages, are all of the inimitable stories which he told to the multitudes. In "Life and Career," pens of genius have traced his romantic life from its morning in "Happy Valley," through his young and rosy dreams through stress and storm, through cheering throngs, and on into the waiting shadows, loved and laurel crowned.

We expect to sell millions of these books. First edition going fast. Cloth, \$2 the Volume, \$4 the Set. Half Morocco, \$2.75 the Volume, \$5 the Set, Full Morocco, \$5.50 the Volume, \$10 the Set. The people want them. A harvest for Agents. Liberal commissions. Address, Terry T. Martin, Gen. Mgr. of Ky. Care Box 6, Hopkinsville, Ky. Advertisement.

### Forest Notes.

The Balkan War has brought about a rise in certain lumber prices in Europe because of the big demand for wood for ammunition boxes.

Dogwood, the principle source of shuttles for use in cotton mills, is growing scarcer year by year, and various substitutes are being tried, but with no great success.

The officials of the Yosemite National Park are co-operating with the forest officers of the Stanislaus and Sierra national forest for fire prevention control in both the park and the forest.

Experiments with a tree planting machine at the Utah Agricultural Experiment Station indicate that it may be used to advantage in reforesting old burned areas on the national forests.

The leading forest schools of the country not only have their own forest tracts for continuous experiments, but give their students actual experience in the woods by having them take part in big lumber operations.

### Plucky Policeman

A lone policeman, H. J. Saunders, held at bay a frenzied mob at Birmingham when the mob was trying to lynch Bat Sear, a negro who seriously wounded two white men.
